## **PERSONAL DETAILS:**

F/Name	<b>Merwais</b>
Sex:	Male
Date of birth:	2000
Nationality:	Afghan
Marital Status	Single
Present Address	Kabul, Afghanistan
Permanent Address	Kunar, Afghanistan

---

## **OBJECTIVE:**

Looking for a challenging career in an organization where I can use my efforts to the best of my ability and where my education, specialized proficiency and capability would be valuable to the growth of organization and myself.

---

## **EDUCATION:**

2021	<b>BCs (SE) (Bachelor Computer Science) from Sayed Jamaluddin Afghani University, Kunar</b>
2017	<b>12<sup>th</sup> grade from Nasrat High School, Nangarhar</b>

---

## **WORK EXPERIENCE:**

1. August 2, 2022 - Present  
Working as an **Information Systems Development Specialist** with **Ministry of Technology and IT (MCIT)**

### **Duties:**

- Designed and developed full-stack web applications, working with front-end technologies such as HTML, CSS (Bootstrap, Tailwind), and JavaScript frameworks (React.js, NextJs) to create responsive and user-friendly interfaces.
- Built and maintained back-end systems using PHP (Laravel) and Spring Boot, ensuring efficient server-side logic and secure data handling.
- Develop database architectures and managed MySQL, SQL Server, Postgre SQL databases, focusing on optimization, performance, and security to support various web applications.
- Configure and maintained web servers, ensuring reliable performance, security, and smooth deployment of applications to production environments.
- Create RESTful APIs to facilitate communication between the front-end and back-end components, implementing secure authentication and authorization mechanisms.
- Conduct thorough testing and debugging of both front-end and back-end components, improving overall system performance and addressing bugs effectively.
- Deliver workshops and training sessions to educate teams on development standards, security best practices, and coding efficiency.

- Regularly researched emerging technologies and trends in web development, continuously enhancing my skills in both front-end and back-end development.

2. February 15, 2023 - Present

Working as a **Part Time Computer Science faculty lecturer** with **Maryam University (MU)**

**Duties:**

- Deliver lectures on a variety of Computer Science topics, including Web & Database Security, Software Engineering, and Software Development Methodologies.
- Develop and implement engaging course materials, assessments, and practical projects for students at undergraduate levels.
- Guide and mentor students through academic projects and research work, helping them develop critical technical and problem-solving skills.
- Conduct assessments, quizzes, and exams to evaluate student progress and provide constructive feedback for improvement.
- Collaborate with the department to continuously update the curriculum based on the latest industry trends and academic advancements.
- Supervise and mentor students in practical labs and workshops, ensuring hands-on understanding of programming languages, databases, and software development tools.
- Participate in academic committees and faculty meetings to contribute to university development initiatives and curriculum planning.
- Provide academic support and counseling to students to enhance their learning experience and career development.

3. January 1, 2018 – December 31, 2019

Worked Part-time as an **Expert Software Developer & Database Analyst** with **IQ Leading Center (ILC)**

**Duties:**

- Designed, coded, and tested full-stack software applications, ensuring high-quality, scalable solutions for both front-end and back-end systems.
- Led testing processes, including unit, integration, and performance tests, to ensure product functionality and reliability before deployment.
- Developed user training manuals and conducted training sessions to ensure smooth user adoption and effective system usage.
- Managed system maintenance and troubleshooting, ensuring long-term performance and stability post-deployment.
- Designed and implemented software solutions from concept to deployment, focusing on usability, efficiency, and security.
- Developed and managed complex database systems, optimizing performance through query tuning, indexing, and resource management to support application needs.
- Ensured database security by implementing robust access controls, data encryption, and conducting regular security audits to prevent vulnerabilities.
- Collaborated with cross-functional teams to ensure alignment of system architecture with business goals and technical requirements.

- Contributed to continuous performance optimization strategies, including caching and server-side performance enhancements.
  - Handled additional responsibilities as required, demonstrating flexibility and a commitment to delivering high-quality solutions.
- 

## CERTIFICATIONS:

<b>Postgre SQL</b>	<b>IQ Institute</b>	<b>2021</b>
<b>MySQL</b>	<b>IQ Institute</b>	<b>2021</b>

## **IQ Leading Center**

### **CERTIFICATE OF EMPLOYMENT**

This is to certify that Mr. Idrees Daudzai was an employee of IQ Leading Center from **2018-1-08** up to **2019-12-31** as an Expert Technical Software Developer/Database Analyst.

This certification is being issued to Mr. Idrees Daudzai for whatever legal purpose it may serve, given this 31<sup>th</sup> of December, 2019 at IQ Leading Center.

Mr. Dilawar Selab  
General Director of IQ Leading Center

## IQ Leading Center

### Agreement Letter

Reg/No: 54

Date: 2018-1-18

Employee contract between IQ Leading Center and Eng.Idrees Daudzai S/o Merwais.

The Eng.Idrees Daudzai Duties and Responsibility:

1. The employer will pay to the employee 10000 AFN as a gross salary per month on last working day of each month.
2. The employee will be working as an Expert Technical Software Developer/Database Analyst for a period starting from 2018-1-08 up to 2019-12-31. The employee usual place of work will be in kunar branch.
3. First three month are probationary period for the employee. If the service of an employee is not satisfied the agreement will be dismiss.
4. The director of the ILC is authorized to Revise the agreement for the extending or reducing the period of the performance and salary increment and he is also authorize to extend or terminate this agreement on its expiration.
5. At the end of employee agreement of incase of resignation by employee the employee must handover his own time sheet.
6. The hours of work will started from Saturday to Thursday from 8:00 Am to 4:00 Pm.
7. Employee can be granted for paid leave for bellow:
  - Annual leave 20 working days per year.
  - Sick leave 10 working days per year.
  - Maternity leave paternity according to the HR policy.
  - Afghan national holydays per year.

## **Recommendation Letter**

Date: November 18, 2024

TO WHOM IT MAY CONCERN

It is my pleasure to write this letter of recommendation for **Idrees Daudzai**, who has been an integral part of the Ministry of Communications & Information Technology (MCIT) as a **Software Developer** since **August 2, 2022**. During his tenure, Idrees has consistently demonstrated exceptional technical skills, a commendable work ethic, and an unwavering commitment to excellence.

In his role, Idrees has been instrumental in several high-impact projects, contributing significantly to the Ministry's objectives. His responsibilities include:

- Designing, developing, and testing software applications tailored to the Ministry's evolving needs.
  - Optimizing and maintaining complex database systems to enhance efficiency and performance.
  - Implementing secure, scalable systems to support the Ministry's digital transformation initiatives.
  - Ensuring data integrity and security by applying advanced encryption and authentication mechanisms.
  - Developing APIs and system integrations to facilitate seamless data exchange between platforms.

Idrees's ability to deliver high-quality outcomes under tight deadlines and his proactive approach to problem-solving have distinguished him as a reliable and innovative professional. His technical expertise, leadership qualities, and dedication to fostering a collaborative environment have significantly advanced the Ministry's mission to leverage technology for enhanced public service delivery.

I am confident that Idrees Daudzai's skills, dedication, and professionalism will enable him to excel in any endeavor he pursues. Should you require further information or wish to discuss his qualifications in more detail, please feel free to contact me via email at [safimomand@mcit.gov.af](mailto:safimomand@mcit.gov.af) or by phone at +9374 419 5450.

Sincerely,

Safiullah Momand

Director, Information Systems Quality Assurance Department

### HR LETTER

Date: November 18, 2024

**TO WHOM IT MAY CONCERN**

This is to certify that **Mr. Idrees Daudzai**, son of **Merwais**, has been employed by the Ministry of Communication & IT since August 2, 2022, and continues to serve as a **Software Developer** to this day.

During his tenure with the Ministry, Mr. Daudzai has demonstrated exceptional skills in software development and has made significant contributions to various technology-driven projects. His professionalism, technical expertise, and dedication have been integral to the success of our initiatives.

This letter is issued at his request for the purpose of **academic enrollment**. Should you require further information, please feel free to contact us at [safimomand@mcit.gov.af](mailto:safimomand@mcit.gov.af) or +9374 419 5450.

We extend our best wishes to Mr. Idrees Daudzai in his pursuit of academic and professional growth.

Sincerely,

**Safiullah Momand**

**Director, Information Systems Quality Assurance Department**
